

ISSS Technical Conference 2010 Program(me)

Paris, Thursday 21st – Friday 22nd October 2010

Hôtel Mercure Paris Montmartre, Paris, France
 3 Rue Caulaincourt, 75 018 Paris
 Tél.: +33 1 44 69 70 00 Fax: +33 1 44 69 70 02 Rodolphe.NICOLE@accor.com

Thursday 21st

- | | | |
|--------|---|--|
| 12:30 | Luncheon at Conference Venue | |
| 2:00pm | Introduction and Welcome by ISSS President | |
| 2:15pm | ISSS Round Robin
<i>Interpretation of General Results</i>
<i>Conclusions for future testing (acceptable tolerances)</i>
<i>application of r- and R-values</i>
<i>Continuation of Program</i> | Walter Müller, OFI
Philipp Koskarti, OFI |
| 2:45pm | Comparison ISO 17025 versus ISO 17020
Interpretation as provided by Dr. Pimpl, SAS | Hans J. Kolitzus, IST
Eric Fairvre d'Arcier
Labosport |
| 3:00pm | Research Test Equipment and Procedures
<i>SecuriSport : SkinAbrasion- what does it mean ?</i>
<i>Linear Sliding Tester : Accelerometer - necessary ?</i>
<i>AA Berlin : Reference on Concrete - analog Buttw. 2pole Filter ?</i>
AAA
<i>EN 1177 + ASTM F 1292 : steps of drop height</i>
<i>why two drop heights above CFH ?</i> | Dominique Boisnard
Gert-Jan Kieft, ISA
Fernando Gomez, IBV |
| 4:00pm | Coffee Break | |
| 4:30pm | Progress EN TC 217 "Sport Surfaces" | Dominique Boisnard |
| 4:45pm | Synthetic Surfaces IAAF
Interpretation of "IAAF Performance Specifications"
<i>Class II tracks = Class I tracks except no testing</i>
<i>(thickness, evenness, force reduction)</i>
<i>Surface made of identical material components</i>
<i>as registered product (PUR, SBR and EPDM granules)</i>
<i>Licensee must confirm competence of installer</i>
<i>and usage of correct material type and amount</i>
<i>Control sample to be submitted to lab for clarification</i> | Joachim Houben
Imre Matrahazi, IAAF |

updated Acceptance Criteria for IAAF labs
Removal of "inactive" labs
Lab must hold ISO 17025 Accreditation on IAAF test procedures
Durability testing

- | | | |
|---------|--|--|
| 5:30pm | <p>Playground Surfaces
 <i>essential parameters</i>
 <i>quality monitoring USA - Germany - Europe</i>
 <i>Parameters to be checked with site samples ?</i>
 <i>Requirements : tensile, abrasion, CHF, sliding</i>
 <i>Tolerances at field testing</i></p> | <p>Ron Wilson, OTS
 Hans-Jörg Kolitzus</p> |
| 6:00pm | <p>Artificial Turf -
 <i>Experience with monofilament fibres</i>
 <i>new fibre developments</i>
 <i>Requirements re-testing (ball roll, ball rebound)</i>
 <i>Development of in-fill granulates EPDM, TPE</i>
 <i>Durability, Health, Environment</i>
 <i>Elastic Layers: how to test tensile strength ?</i></p> | <p>Martin Schlegel, STI
 Susanna Lieber, Melos</p> |
| 6:30pm | <p>CLOSE OF SESSION</p> | |
| 6:45pm | <p>Departure from Hotel "Hotel Mercure" for Seminar Dinner
 at the restaurant Nos Ancetres les Gaulois
 39, rue Saint-Louis-en-l'île</p> | |
| 10:30pm | <p>Return to Hotel "Hotel Mercure"</p> | |
